Recommendations from the heat

What can we do to protect ourselves from the heat?

The problems of health associated to High temperatures can be avoided with very simple measures:

- Drink a lot of water or liquids without waiting to be thirsty, . Avoid the alcoholic drinks, coffee, tea and very sugary drinks.
- In intense heat days keep you in fresh places, and if it is a possible pass at least two Hours in some climatized place. Have A shower or a fresh bath
- Do light meals. It will help you to re-put you (salads, fruits, vegetables, Gazpachos or juices).
- Avoid outdoor activities in the warmest hours,
- Use light clothes and of clear color, use a hat and fresh, comfortable footwear
